

## **Special Procedures for LCC & NJFCC Entries**

For members who are interested in LCC mono and/or color print competitions in the current season, the process for submitting entries has been modified. This new pre-competition registration will produce a print scoring sheet prior to the competition night. This will save the time previously consumed in the somewhat frantic 7:30 to 7:45 part of the competition night. It will also automate member print competition results, statistics and historic records.

Please review the following steps:

1. In order to compete this year you will have to register your entries by using Photo Contest Pro at [www.PhotocontestQro.com](http://www.PhotocontestQro.com)
2. When you are in Photo Contest Pro, you will find several categories from which to choose. Select the appropriate Class (A or B). mono or color. print contest and then fill in your name and the name of your photograph. You will have to upload a dummy image since this is required by Photo Contest Pro. LCC will distribute a dummy image to all members for this purpose.
3. The registration of prints must be completed by the registration deadline. New entries will not be accepted after the deadline.
4. If you do not have access to a computer you can call the Print Chair, Alyse Wolfson, at 973-533-0435 no later than the deadline that is set for those who are using a computer.
5. Filled out a "Club Print Competition Label" and place it on the back upper "left" corner of your photo mounting. Blank Club Print Labels will be available at every meeting and members should pick up enough labels for the next few competitions so that they can fill them out at home in advance of the competition night to save valuable meeting time.
6. The Print Chair would appreciate your prints being delivered by 7:30 but under no circumstances will they be accepted after 7:45 on the night of the competition.
7. On certain LCC competition nights, entries for future NJFCC competitions will be collected at the end of the meeting. If you are going to submit one of your entries for an NJFCC print competition, you must fill out a NJFCC print label and place it on the back upper "right" corner of your photo mounting. Blank NJFCC Print Labels will be available at every meeting and members should pick up enough labels for the next NJFCC competitions so that they can fill them out at home in advance of the competition night. The nights (usually 3) when NJFCC prints will be collected are noted in the LCC competition Flyer in a section for NJFCC competitions.
